MEMORANDUM FOR: DD/S&T Action Officer

ATTENTION :

:

25X1A

SUBJECT

: Miscellaneous Actions

Dr. Fubini inquired as to whether or not we were analyzing the reconnaissance photography for agricultural information, i. e., crop plantings, harvest and possible large scale disease attacks. I have a vague recollection that some of this has gone on. A member of the Rand Corporation (a Miss Wolfstetter) is the source of the question. I promised Fubini an answer. Will you please handle.
